Beast Holdings Accessibility Statement

Last updated: September 27, 2025

Our Commitment

We are committed to providing a website and digital products that are inclusive and accessible to the widest possible audience, regardless of technology or ability.

Standards & Conformance

We aim to conform to the Web Content Accessibility Guidelines (WCAG) 2.2 Level AA. We assess new experiences against success criteria for perceivability, operability, understandability, and robustness.

Design & Development Practices

Structure & Semantics

Headings follow a logical order; lists and landmarks are used correctly; forms include explicit labels and error messaging.

Keyboard & Focus

All interactive elements are reachable and operable by keyboard; visible focus is preserved; focus is not trapped.

Color & Contrast

Text and interactive components target a minimum 4.5:1 contrast ratio; color is not the sole means of conveying information.

Media & Motion

Time-based media includes captions/transcripts where applicable; prefers-reduced-motion is respected for motion effects.

Error Prevention

Critical actions provide confirmation; inline validation and clear recovery paths are provided where feasible.

Testing & Audits

We use assistive technology checks (screen readers), keyboard path reviews, automated linters, and periodic manual audits. Issues are prioritized and tracked to resolution.

Third-Party Content

Some content or components may be provided by third parties. While we cannot control their accessibility, we select partners who commit to inclusive practices and provide alternatives where feasible.

Continuous Improvement

Accessibility is a journey. We maintain a backlog for remediation and improvements, and review accessibility as part of each release cycle.

Feedback & Support

If you experience a barrier, email legal@beast-llc.com with the page URL, a description of the problem, your device, browser, and assistive technology if used. We will respond and provide accessible alternatives where needed.

Alternative Formats

Upon request, we will provide content in alternative formats where reasonably possible.

Compliant with GDPR, CCPA/CPRA, CAN-SPAM, COPPA, PIPEDA, UK GDPR, Australian Privacy Principles, and international standards.
